

## Press Release 21.02.2008

### **Imooty.eu – Project of the month at Berlin’s Project Future**

Berlin, February 21, 2008. The first navigator for European news, [www.imooty.eu](http://www.imooty.eu), is this month's Project Future in Berlin. The Imooty Founders, Blaise Bourgeois (France) and Kristoffer J. Lassen (Norway) are pleased to invite to a press conference at Peugeot Avenue, Unter den Linden 62–68, Berlin on Thursday February 21st, 2008 at 16.00. A live stream of the conference will also be available.

Imooty.eu is a European news platform which provides direct access to the latest breaking media coverage from the most important newspapers and media organizations based in the European Union, Switzerland and Norway.

Apart from the diverse number of traditional news brands, there's also a separate Blog section which recognizes that these independent commentators are now a part of the mainstream media landscape.

If you would like to participate at the press conference or have access to the live stream, please contact Imooty directly through Serena Botti. Email: [sbotti@imooty.eu](mailto:sbotti@imooty.eu)

### **About Imooty**

Imooty.eu is the central access point for European news and information sources. The platform features a quick and efficient overview of the European media landscape.

With the help of Imooty, users may streamline access to specific news topics and organize information from online newspapers, magazines and blogs.

The tool is used to create press reviews or simply to follow current events of personal interest. Through Imooty.mobi, users may access the press review via mobile phone.
